"The greatest challenge is decreased revenue. This is very scary because I believe the need will be high in a month or so and we will not be able to get our staff back to fulfill the demand.”

"We do not know future needs, expectations, or new ways of life. We expect in the near future to see more and more people coming to us for some sort of hope and relief. We will need support and funds in order to have these programs available to address these futures requests.”
