Work your way through the form responding to the fields.

- As you complete the form, the system will auto-save every 100 characters typed or every time you click out of a field.
- You may collapse question groups as you go, once you've finished all of the questions in that group, as an indicator to yourself that you've completed that section and reduce scrolling.
- Some fields have character limits.
 - Responses that are longer than the set limit will be saved, **but** an error message will appear informing the applicant the the limit has been exceeded.
 - You will not be allowed to submit the form until the length of the response has been decreased in accordance with the limit.
- File **upload fields** will only accept one file, per field.
 - Upload fields have size limits.
 - If you attempt to upload a file that is larger than the set MiB limit, you will receive an error message informing the applicant that the file is too large and the file **will not** be saved.

 - Once a file has been uploaded, it may be **deleted** by clicking the **red X** next to the file name and a new file can be uploaded.
- Even though the system is auto-saving there is still a "**Save**" button at the bottom of the form.
 - When you click save you are taken to a confirmation page so you know the save was successful.
 - If you click "**Continue**" you will be taken back into the form so you can continue working.
 - If you save and exit the system, you will access the **draft of the form** from your **Dashboard** the next time you log in.
 - Pick back up where you left off by clicking "**Edit**" link to the right of the request.
- Prior to submission, you may abandon the draft request in the first stage of the application process.
 - Once the first form, either an LOI or Application, has been submitted you must contact an administrator to withdraw the request from consideration.
 - After selecting Abandon Request, you must type in Abandon Request and select OK.
 - The request will then be visible in the Historical Requests tab just as it would if an administrator had abandoned the request.

When all of the fields are complete, submit the application.

- If any required fields were not completed, or a response to a text question type is longer than the set limit, the system will not allow the form to be submitted.
 - An error message appears listing the fields that need to be completed or edited.
 - These fields are outlined in red so they are easy to identify as the applicant scrolls through the form.
- When a form is submitted successfully, the applicant will be taken to a confirmation page.
 - When you click “**Continue**” you are taken to your dashboard where you can VIEW your submitted request.

VIDEO 3: Your Applicant Dashboard

Your dashboard houses current and historic requests.

(NEW starting 6/12/18) The active request tab houses all current requests. These are the requests still requiring action, awaiting a decision and/or requests that have not yet been marked closed by the site administrator. Within each request you can see forms, form statuses and submission dates and, if applicable, form deadlines.

- You may continue working on saved forms by clicking the edit option next to the form.
- You may view forms that have been submitted but note that once submitted you can not edit them.
- You can also see the request’s decision status.
 - The status will be “Undecided” until the site administrator posts a decision.
 - Timing on decision status updates vary depending on the foundation.

If your request is approved you may be assigned Follow Up Reports to be completed and submitted through the system.

- Follow ups are completed and submitted just like any other form.
- If you’ve been assigned multiple follow up forms, you must complete them sequentially by due date.
- Follow ups that are past due will be marked as such.
 - If the past due message is reflected in orange, you may still submit the form.
 - If the past due message is reflected in red, you no longer have the option to submit the form.
